# Fishbowl Q&A Format

- Opens after panel discussion
- Two chairs are left empty on the stage, alongside our panelists.
- Any member of the audience can occupy one of the empty chairs and join the conversation, either to ask a question or to contribute something that they think is relevant to what is being discussed.
- The idea is that many of our audience members will participate and share their own experiences with learning from failure and effecting cultural change.

# Failure: Facing it, Embracing it, Learning From it

- Conference in March 2014 hosted in partnership with Health Quality Ontario and Women's College Hospital
- Brought together health system leaders to exchange ideas, participate in discussions and learn from best practices.
- For videos, highlights from the day, visit [www.hqontario.ca/events/failure-conference](http://www.hqontario.ca/events/failure-conference)

# Today's Panelists

- Camille Orridge, CEO, Central Toronto Local Health Integration Network
- Dr. Michael Schull, President and CEO, Institute for Clinical Evaluative Sciences & Professor, Department of Medicine at the University of Toronto.

# The Fishbowl is Open

- Jump into an empty chair to join the discussion or ask a question.
