

Entrer les annotations de RLISS dans la plateforme QI-RAP

Entrer les annotations de RLISS

1. Les utilisateurs des RLISS peuvent ajouter des annotations à leurs données trimestrielles. Après avoir ouvert une session, cliquez sur l'option « LHIN annotation » (annotation de RLISS) dans le menu de gauche.

2. Cliquez sur le bouton du symbole « plus » au coin inférieur gauche pour ajouter une annotation :

3. Une nouvelle rangée de couleur or apparaît et vous devez entrer une date. Entrez le dernier mois du trimestre pour lequel vous ajoutez une annotation :

REMARQUE : T 1 = juin, T2 = septembre, T3 = décembre, T4 = mars

The screenshot shows the 'LHIN Annotation' application interface. On the left is a navigation menu with sections like 'MEASURES' and 'SYSTEM ADMINISTRATION'. The main area displays a table with columns: 'Date', 'LHIN', 'Annotation (English)', and 'Annotation (French)'. The table contains four rows of data. A new row for 'December 2016' is highlighted in yellow. A date picker is open over the 'Date' column, showing the year '2017' and the month 'Jan'. The table footer indicates 'View 1 - 7 of 7'.

Date	LHIN	Annotation (English)	Annotation (French)
August 2016	TC	Local innovative initiatives and processes that were derived from within Health Links, are being considered for spread within PC strategy	Local innovative initiatives, such as SPIN and SCOPE, that were derived from within Health Links, are considered for spread
June 2016	CW	Increased linkage with PC through 8 HLs RCs and alignment of dedicated CCAC Care Coordinators to PC physicians; Engaged in utilizing Ontario Telemedicine Network's Personal Computer Video Conferencing; Started reporting on the number of care plan updates.	Increased linkage with PC through 8 HLs RCs and alignment of dedicated CCAC Care Coordinators to PC physicians; Engaged in utilizing Ontario Telemedicine Network's Personal Computer Conferencing; Started reporting on the number of care plan updates.
March 2016	TC	The QI RAP system enhancement has supported greater consistency in reporting the primary care indicator across TC LHIN Health Links	The QI RAP system enhancement, has provided the opportunity for greater consistency in reporting primary care indicator across LHIN Health Links
March 2016	TC	Transition is underway to align Health Links to the TC LHIN's sub-regions and primary care strategy	Transition is underway to align Health Links to the TC LHIN's regions and primary care strategy
December 2016			

4. Sélectionnez votre RLISS dans le menu déroulant :

The screenshot shows the same 'LHIN Annotation' application interface. The date picker is closed. The dropdown menu for the 'LHM' column is open, showing a list of options: C, CE, CH, CW, ESC, HNH, MH, NE, NSM, NW, SE, SW, TC, and WW. The option 'NW' is highlighted in blue. The table footer indicates 'View 1 - 7 of 7'.

5. Lorsque vous cliquez sur la boîte Annotation (Anglais) ou Annotation (Français), une boîte de texte bleue apparaît.

Entrez votre annotation dans cette boîte. Si vous désirez entrer des annotations bilingues, vous devez entrer l'anglais dans une boîte et le français dans l'autre. Si vous entrez un commentaire dans une boîte de langue et cliquez sur l'icône « enregistrer », le commentaire se copie par défaut dans la boîte de l'autre langue.
